KINNEY BILL LEADS IN IMPORTANCE

(Continued from Page One)

which Governor Hunt made effort to prove that Lynch lacked progressive ideas and the spirit of the constitution and urged the election of Bradner as speaker.

A resolution has been introduced in the House inviting Woodrow Wilson, of New Jersey, candidate for the democratic nomination for President, to address the Legislature in the event that he visits the Pacific coast before the date of the adjournment of the Legislature.

When the Woman Suffrage amendment was upon its final passage in the House on Monday the vote was as follows, both members from Greenlee voting aye.

Ayes: Babbitt, Ball, Buchanan, Cocke, Crofoot, Duncan, Hall, Irvine, Jacobs, Johnson, Jones, Kane, Kerr, Lewis, Linney, Lynch, Moore of Yavapai, Moore of Pima, Murphy, Whipple.

Against passage: Barker, Brooks, Craig, Curry, Drennan, Ellis, Gonzales, Graham, Kelton, Maddox, Mattox, Saxon, Wren, Bradner.

An appropriation bill has been introduced into the House carrying fifty thousand dollars to pay the salaries of members and attaches and for incidental expenses.

Hon. W. M. Whipple of Greenlee County, had the honor of introducing House Joint Resolution No. 1 having for its purpose the ratification by the Arizona Legislature of the joint resolution passed by the Sixty-first Congress of the United States giving Congress the power to lay and collect taxes on incomes, from whatever sources derived, commonly known as the "Income Tax."

Mr. Whipple has also introduced a bill providing that all employees of a city, county or state shall be subject to garnishment in the same manner as private individuals are. Mr. Whipple is also the author of House Bill No. 39 proposing to submit to a vote of the people an amendment to the penal code, having for its purpose the abolishment of capital punishment in the new state. The bill comprises two sections as follows:

Sec. 1. Every person guilty of murder in the first degree shall be punished by imprisonment in the State Prison of the State of Arizona for life, and every person guilty of murder in the second degree is punishable by imprisonment in the State Prison for not less than ten years.

Sec. 2. That said amendment shall be submitted to the vote of the people of the State of Arizona, at the general election to be held next after the passage thereof, and if a majority of the qualified electors voting thereon shall approve, and ratify said proposition and amendment at said election, the same shall become a part of the laws

of the Penal Code of the State of Arizona.

Representative Kane, of this county, is the author of a bill which has been introduced in the House, which provides that "Where a building and loan society or association, savings bank, bank or banking corporation, or individual or firm doing business as bankers, shall own, operate, or control banks or branch banks in other places than its principal place of business, it shall make separate and segregated reports to the bank comptroller and every bank or branch bank so owned, operated or controlled."

Latest advices from Phoenix state that the Woman Suffrage Bill, submitting to a vote of the people the question of Woman Suffrage, will not have easy sailing in the Senate. Senator Chase from Greenlee is reported to be opposed to the bill.

A bill will soon be introduced in the legislature or the removal of the capitol from Phoenix to Tucson. This is probably a "legislative club" to use over the heads of the Maricopa county representatives who are seeking to remove the Agricultural Experiment station from Tucson to Phoenix.

Craig, of Cochise county, has introduced a bill which will shear Governor Hunt of some of his power. It provides that the Board of Control shall make all state appointments not provided for in the Constitution to be made by the Governor.

The outlook now is that if the voters are given the opportunity to pass upon the question of Woman Suffrage it must come through the means of an initiative petition.

Taking as a basis the general plan of New Zealand and state of Kansas laws, the Finance Committee of the Senate through its chairman, Wood of Maricopa, has introduced into that body three taxation measures and amended the Board of Equalization bill. The new bills relate to the taxation of railroad property based on physical valuation; telephone and telegraph property based on physical valuation and an excise tax on the property of express companies of four per cent of the gross earnings of such corporations in the state. Tomorrow the committee will report a scheme for the taxation of mines, details of which are being planned tonight.

Following the resolution inviting Woodrow Wilson to address the Arizona legislature the friends of Champ Clark have introduced a similar resolution. The Champ Clark resolution was fathered by Whipple of Greenlee county.

Mr. Whipple of Greenlee, has presented House Bill 91, which fixes the salary of chairmen of boards of supervisors in all counties at \$100 per month and members at \$75 per month. The bill further provides that on the first Monday in January of each even numbered year the supervisors in the various counties shall meet and fix the salaries of all county officials except their own.
